To provide a world-class event for young agility handlers from all over the world.

Introduction

Agility is a dog competition open to all dogs.

The aim of this event is to promote young handlers and their dogs in the world of dog agility; the event has been designed to introduce young handlers to prestigious and top quality events.

Handler Age categories

Junior / Unders – ages from 5 – 11 years on the day of the event

Senior / Overs – ages from 12 – 18 years on the day of the event.

Jump height Categories

Three categories exist:

S (Small) : for dogs measuring less than 35 cm. at the withers.

M (Medium) : for dogs measuring 35 cm or more and less than 43 cm at the withers.

L (Large) : for dogs measuring 43 cm or more at the withers

B) 2 'Individual' tests

- 1 Agility course containing the contact equipment.
- 1 Jumping course without contact equipment.

The course will only contain the approved obstacles. The two results added together will determine the winner, who will be 'OJAC Agility Champion'. **there will be a champion per age group and per height group** In case of a tie (for first place only), the 'winning' agility score between the two competitors will determine the winner.

A handler is able to run as many dogs as they wish in the Individual Event

b) 2 'team' tests

- 1 Agility course containing the contact equipment
- 1 Jumping course without contact equipment.

- A team will consist of 3 or 4 handlers of which all must be of the same age group, but can be of different jump heights. If the team has 4 handlers the best three results will count towards the overall score. If your team only consist of 3 handlers, then all results will be carried forward.

- An optional 2 reserves can be entered, but cannot be entered in any other first team; these dogs and handlers will only be called upon on the day of the event after the OJAC team have been consulted.

All teams members must be of the same age category, either Under or Over 12, NO teams can have handlers from each age group.

Only dogs that have been entered in the event will be able to run.
